He said he is not treating an addict because he doesn't want to and that "isn't his job". If a patient presents with addiction he tries to refer to a treatment facility. If a patient is determined to be involved in diversion they are terminated from the practice. Dr. Wiemer stated he does not have the training to treat addiction.

There was further discussion regarding pain patient management, medication dosages, medication combinations and Dr. Weimar's training. Following additional questions from the Executive Committee, a motion was made by Dr. Crawford, seconded by Dr. Brunson and carried that the Executive Committee enter into Executive Session to discuss a potentially appealable decision.
