- Should a licensee need to renew their license after August 1, he or she must submit a late renewal request to the Board via [MELS](#). The request must include an explanation as to why the licensee is renewing his or her license late. Once the request is received and approved by the Board, the licensee will be notified via email.
- Late renewals shall be assessed a fine of \$25.00 plus an additional fine of \$5.00 for each month that the license remains delinquent.
- If the licensee submits a late renewal request during the **active** renewal period, the licensee must renew the license for both the late renewal period and the current renewal period.
- If a license has been expired for more than one year, the licensee must submit an application for reinstatement.
