Rule 1.3 | Licensure Examinations

The Board recognizes four (4) separate and distinct examinations, ~~to-wit:~~ The examinations administered by the NBME, NBOME (COMLEX), FLEX and USMLE. ~~The Board adopted the FLEX as a method of licensure by examination on March 8, 1973. Prior to this date, the Board administered a written examination and endorsed licenses to practice medicine or osteopathic medicine obtained in most states by written examination. A separate discussion of each examination and this~~ The Board's requirements for the purpose of licensure is as follows:

A. FLEX

- ~~1. The Board adopted the FLEX as the method of licensure by examination on March 8, 1973. The last regular administration of the FLEX was December 1993. The Board will recognize FLEX as a valid medical licensing examination subject to all requirements heretofore and hereinafter set forth.~~
- ~~2. Prior to January 24, 1985, the FLEX examination was divided into three components:~~

~~_____ Day I - Basic Science
_____ Day II - Clinical Science~~

Day III – Clinical Competence

~~In order to pass this examination, each applicant must have obtained a FLEX weighted average of 75 with Day I given a value of 1/6 of the entire examination, Day II given a value of 2/6, and Day III given a value of 3/6. 1. The Board may make an exemption to the weighted average of 75 if the applicant has completed an approved residency program and is currently certified by a specialty board recognized by the ABMS or the AOA.~~

~~After January 24, 1985, the Board approved administration of a new FLEX examination with a different design from that administered since 1973. This examination was a three-day examination, and was comprised of two components. Component I consisted of one and one-half (1½) days and judged the readiness of a physician to practice medicine in a supervised setting. Component II consisted of one and one-half (1½) days and judged the readiness of a physician to practice independently. 2. A score of 75 is considered a passing grade for each component.~~

~~3. An applicant had seven (7) years in which to pass both components of the FLEX.~~

B. USMLE

~~1. The USMLE is a three-step examination for medical licensure in the United States and is sponsored by the FSMB and NBME. The Board adopted the USMLE as an additional method of licensure by examination on September 16, 1993. The USMLE replaced FLEX and the NBME certification examinations during a phase-in period from 1992 to 1994. Unlike the three-day (two-component) FLEX, USMLE is a three-step examination that consists of three two-day examinations, Step 1, Step 2, and Step 3. Each step is complementary to the other; no step can stand alone in the assessment of readiness for medical licensure. The clinical skills examination is a separately administered component of Step 2 and is referred to as Step 2 Clinical Skills, or Step 2 CS. Unlike the FLEX, which was taken upon or after graduation from medical school most applicants will take Step 1 and 2 of the USMLE during their medical school years. Step 3 will be taken after graduation.~~

~~2. USMLE Steps 1, 2 and 3 must be passed within a seven-year time period beginning when the examinee passes his or her first Step. The Board, at its discretion, may waive this requirement based on extraordinary circumstances. The Board encourages all applicants to take Step 3 of the USMLE as soon as possible following receipt of the M.D. or D.O. degree.~~

C. NBME or NBOME

~~The Board recognizes diplomates of the NBME and on or after February 13, 1973, diplomates of the NBOME (COMLEX). Both NBME and NBOME examinations are administered in three (3) parts, Parts I, II and III and must be passed within a seven-year time period beginning when the examinee passes his or her first Part.~~

D. EXAM COMBINATIONS

~~Now that the FLEX and examinations administered by the NBME have been phased out, The Board will accept passing scores for the following combinations of the FLEX, NBME and USMLE examinations:~~

EXAMINATION SEQUENCE	ACCEPTABLE COMBINATIONS
----------------------	-------------------------

NBME Part I <i>plus</i> NBME Part II <i>plus</i> NBME Part III	NBME Part I or USMLE Step 1 <i>plus</i> NBME Part II or USMLE Step 2 <i>plus</i> NBME Part III or USMLE Step 3
FLEX Component I <i>plus</i> FLEX Component II	FLEX Component I <i>plus</i> USMLE Step 3 <i>or</i> NBME Part I or USMLE Step 1 <i>plus</i> NBME Part II or USMLE Step 2 <i>plus</i> FLEX Component II
USMLE Step 1 <i>plus</i> USMLE Step 2 <i>plus</i> USMLE Step 3

Rule 1.4 | Licensure via the Interstate Medical Licensure Compact – Supplemental Information

Miss. Code Ann. §73-25-101 et seq establishes Mississippi’s participation in the Interstate Medical Licensure Compact (IMLC). In addition to the requirements set forth in this section, in conjunction with other requirements set forth in IMLC rules and policies, applicants for licensure under the IMLC are required to timely answer and provide any supplemental applications, questions, or other information requested by the Board in relation to the application for licensure via the IMLC.
